RESTORATION

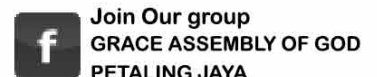

OF GODLY GOVERNANCE THROUGH GODLY RELATIONSHIPS

PART.1 Pastor Henry

Review of 2010 and 2011: Through the fires, floods and uprisings in the world, God is going to restore divine patterns in 2012

According to historians and world leaders, more disasters of catastrophic proportions have happened in 2011 than at any other time before. Everything that we have seen and experienced are according to the word of the Lord. God has not hidden anything from us because He says in His word that Adonai, that is the Creator Possessor God does nothing without first revealing His plan to His prophets on earth. Therefore, the Lord has been revealing many things to us. ➤

Everybody else is telling us that we are evolving into something better but God says otherwise. Now, let us reflect on some of the things that I had shared in 2010.

The front page and the last part of the API magazine of 2010 stated prophetically that many uncontrollable and unpredictable fires would occur that year. I had shared this from the pulpit on 31st December 2009. Within ten days after the message, ten churches were set on fire. World leaders and the United Nations had declared 2010 as the hottest year in recorded history, with documented data as proof. Volcanoes that were said to be extinct erupted. The prophecies God gave through His prophets all over the world came to pass.

Then, for the following year 2011, the theme was different. It was predicted that 2011 would be the wettest year in history. Again you can see this on the cover of the 2011 API magazine. With prophetic insight, it says that God will defend, deliver and preserve in disintegration. It shows you the floods that would occur and their disastrous consequences. Floods in the Bible always speak about God judging, shaking, changing and re-organizing. There would be many trials but believers are to go through them, look at the rainbow and remember that God would enable them to triumph at the end. However, for the ungodly, 2011 would be a year of disorder, confusion and disintegration, when things would fall apart. That was exactly what we saw in 2011.

Everything that could be shaken Jesus would shake and only that which was built upon Him would remain. We are seeing this happening now, especially in the lives of believers. We saw what happened in the Middle East. We usually speak about the ten judgments or the ten plagues which happened in Egypt. But people often forget the eleventh judgment which was the final one - and that was the drowning of Pharaoh and his armies in the Red Sea. The eleventh year would be the year of God dealing with the people of the world. Egypt represented the world and before God could bring total deliverance to Israel or His people He has to deal with the bondage Egypt puts upon them. So, what you have seen in the book of Exodus, now we see in our lifetime, especially the past year, all the confusion, chaos, and rebellion taking place in the Middle East. I have also stated in the magazine that the youth would rebel and rule. That was what we have seen throughout 2011.

The last page of the magazine stated that God will judge eleven sets of people throughout 2011. Let's see what happened. The protests in Tunisia started on 11th January 2011, leading to the resignation of the Prime Minister. In the same month, Jordan's Prime Minister and the entire cabinet were sacked. Then, on 17th January, Jordan's King Abdullah announced the right of women to vote and to be nominated in the upcoming elections. One of the signs of the last days is that women will be liberated and be in leadership. Next, Sudan's president, one of the most evil men on earth announced that he would not run in the next elections. During his reign more than 2 million Christians were killed and more than 4 million displaced. On 11th February, Hosni Mubarak, the 'pharaoh' of Egypt was overthrown. The New Zealand earthquake took place on 22nd February followed by the tsunami in Japan on 11th March. Sai Baba, considered by many to be one of the biggest anti-christs, died on 24th April, a very sick man. The title 'Sai Baba' means father and mother of everybody.

Now, let us look at America. On 1st May, President Barak Obama announced the death of Osama bin Laden. Interestingly, on 1st of May, 1945, exactly 66 years ago, the announcement was made of the death of Hitler. In the Bible, 6 is the number of man. Both were pictures of anti-Christ, haters of Jews and God dealt with them on similar dates, very interesting. Then, there is Dominique Kahn, a powerful billionaire and considered one of the financial wizards of the planet. He is also a Jew. He would have been the next president of France. But God has to deal with him because of his lifestyle and because he was not God-fearing. Again, he is one of those in the eleven mentioned.

Here in Malaysia we had BERSIH 2.0 on 9th of June 2011, which changed the political landscape of Malaysia. The general election which was supposed to be in November was postponed to 2012 which is a good sign for Malaysia. Then we saw Thailand under floods for months and Pakistan was similarly affected. Numerous destructive hurricanes had also hit USA at various locations throughout the year.

Next, we have Gaddafi, who had ruled Libya for 42 years as a tyrant, dying a miserable death. Last, but not least, on 17th December, Kim Jong-il of North Korea died. He was another one of those people God had to remove.

What I want to stress is that God will reveal to us from His Word what will happen. When I was thinking about the theme for the year 2011, the word 'destruction' came to me. Someone told me not to use such a strong and discouraging word. So, I softened the word, but God did not soften His action. We saw that what had happened was according to God's revelations, and yet people can still be so blind and not realize what is happening.

We have got a lot in store for the year 2012 and we will see much happen. Year 12 is going to be a year where there will be great restoration. Restoration of all things lost. God is going to restore. And it's going to be **godly governance through godly relationships**.
