RESTORATION

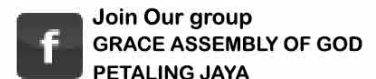

OF GODLY GOVERNANCE THROUGH GODLY RELATIONSHIPS

PART.2 Pastor Henry

The season of 12 is a time when God extends grace to mankind to reconcile and relate to Him in order to restore godly governance on the earth.

The theme for 2012 is Restoration. What is God going to do in year 12? We hear so much of bad news. But I want you to know amidst all the bad news there is very good news. The good news is the **Restoration of Godly Governance through Godly Relationships**. Throughout this year, God will give this world a demonstration of His grace so that the world will be able to return to the divine pattern. ➤

God will give the world an opportunity to turn around. God dwells in eternity but He rules over time. There are specific divine visitations and auspicious times. The impact of such days could last for generations depending on our ability to harness the grace and glory that they carry.

The season of 12 is a time when **God extends grace to mankind to reconcile and relate to Him in order to restore godly governance on the earth.** In year 11, we have seen how God shook everything to give everyone an opportunity to turn around. Never in the history of the world had there been so many general elections happening within a year. God is giving the world another opportunity to return to divine governance and divine patterns.

In the Bible, 12 or its multiples have to do with rule or governance. The sun, the greater light will rule twelve hours of the day and the moon and stars will govern the twelve hours of the night (Read Genesis 1:16). 60 seconds (that is 12 x 5) make 1 minute, 60 minutes make 1 hour, 12 hours make a day, 12 hours make a night and 12 months make a year. There are 12 constellations of stars. There are 12 musical notes in an octave. From Seth, Adam's son up to Noah, there were 12 patriarchs and from Shem, Noah's son up to Jacob, there were also 12 patriarchs. Jacob had 12 sons and from the 12 sons came the 12 tribes of Israel that finally became Israel. Jesus had 12 disciples. Heavenly Jerusalem has 12 foundations with 12 gates and 12 pearls guarded by 12 angels. Jesus spoke about 12 legions of angels. There are 12 minor prophets, 12 prophetesses and 12 lay ministry gifts mentioned in the Bible.

So, we see **12 is a number of divine governance.** Now, 11 is a number of judgment against disorder, lawlessness and depravity. It is also a symbol of a two-edged sword - deliverance for the righteous and retribution for the rebellious. In other words, the judgment of the eleventh year is the foundation for the restoration of divine governance and authority in 2012. This will be a time where God will give to man, especially the church, many opportunities to restore man's dominion in all spheres. One example is the hand of God in bringing about the Arab Spring. God is giving the people there an opportunity for freedom. But will they take this freedom to seek Him or are they going to revert back to bondage?

This is a season to enforce heavenly patterns of government in restoring order and integrity. The earth today is in turmoil because heavenly models are rejected for perverted patterns. Those who follow the divine pattern will grow in authority and rule well. In 2012, we will continue to witness **the judgment of God on wicked kings and rulers.** God is going to remove them because they are a hindrance. Especially the twelfth month of next year. It is also going to be **a time of greater celestial warfare.** There will be much activity in the heavens involving the sun, the moon and the stars as Jesus had said. But do not be afraid because these are signs the Lord has given us to guide us and to inform us regarding the times we are living in.

There will also be much **prayer – both outside the church by the demonic forces and inside the church by the saints.** The church will mature and learn to pray prayers that will move the heavens.

When Joshua prayed, when the warfare was going on between Israel and the Amalekites, he looked at the sun and he commanded the sun to stand still. He looked at the moon and he commanded the moon to stand still so that he could have victory. We are going to experience such apostles and prophets who will have the cooperation of the sun and the moon to deal with man. The Joshuas will arise this year.

Also many Deborahs will arise because they will call the stars. They will call the stars to fight battles for them. It will be the sign and manifestation of angels. We will also have a lot of angelic activities as well. It will be a time of great opportunity for the church because there will be many signs, wonders and miracles that every believer will begin to exercise.

This will also be a **season of economic abundance** to those who have been picking up fragments and avoiding wastage. When Jesus multiplied the five loaves and two fishes, the people were told to pick up the leftovers and not leave them to waste. Therefore, we are to be take care of God's resources, and not waste them. People who choose to live according to **God's economic model of tithing, mission giving, meeting the needs of the poor, and of picking up things others throw**, will experience abundance.

This year God will restore godly governance through **godly relationships**. You can gain the whole world and achieve all your dreams, but if your relationships are displeasing to God, all will be wasted. So watch and guard your relationships - with God, your spouse, your children, etc. The season for all-round fruitfulness and prosperity is for all believers if we follow the divine pattern.

This is also a season where there will be much occultic and demonic manifestations. Many have predicted that year 12 will be a year of disaster and the world will come to an end. But listen beloved, the world will not come to an end. It will come to an end when scripture is fulfilled, when the gospel is preached to all the world. This has yet to happen. So do not be afraid, do not be led astray because the time is not yet. God is giving us new opportunities to prove ourselves. Praise the Lord.
